TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Louisa evidence—doubly proven.

Mrs. Frank Figg, Water St., Louisa, says: "I suffered for a long time with many distressing symptoms of kidney complaint. The most annoying ailment was a severe pain in my back and a dull bearing down feeling through my joints which at times was almost unbearable. I was weak and languid, constantly tired and had no ambition. My back was in such a bad condition, I couldn't stoop over without severe pain and it was a terrible effort for me to rise. I was restless at night and couldn't sleep. Morning I was just as tired as when I went to bed. I was nervous and suffered from severe dizzy spells. My kidneys acted irregularly, too. I finally took Doan's Kidney Pills which I got at the Louisa Drug Co. and the pains in my back and joints left. The action of my kidneys became normal and the other distressing symptoms were removed."

OVER SIX YEARS LATER, Mrs. Figg said: "The cure Doan's Kidney Pills made for me is still lasting and I now enjoy the best of health."

SPRING BIRD.

To the Farmers:-

We are receiving letters daily asking us the general outlook for Sorghum this year. The possibilities were never better than they are now. Sorghum will be at a premium this fall and it will require three times the amount we have ever purchased before to take care of the demand.

We wish to urge on the farmers the necessity of planting cane. We have purchased forty-five mills and evaporators which will be turned over to farmers at cost. If you have no mill and contemplate planting cane you will be doing a wise thing if you write us at once and have a mill reserved. These mills will not be ready for delivery before August or September and we will make terms of payment such as will assist you in every way.

We are building up an industry for you and ourselves and now more than ever before the future of the business depends upon the ability of the farmers to plant large acreage. Do not hesitate to call on us for any information and we will do all we can to co-operate with you in every way possible.

If you plant cane let us know the number of acres and if we must reserve barrels for you. The handling of this year's crop will require a great organization and you are a part of this and your welfare to a great extent depends on your foresight in procuring barrels and making arrangements for your crop.

Contracts are now ready.

What causes

Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. Your meals don't digest but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapain" bring relief almost as soon as they reach the stomach. "Pape's Diapain" costs little at drug stores.
